Web Contact Report: (Pawnee B) -

EASC Web Contact Report for JUNE 28, 2026

Addict called Pawnee...

We have over 2000 members on our private FB account. We had over 1400 views on our website since June 1st...

I attended the PR subcommittee today.

I had a Web meeting scheduled, and we cancelled it because of the weather. We were working on updating the Duties and Qualifications for the EASC Web Contact position and added a Web Contact Trainee Position and we presented them to the PR committee today for review and edit. To be added to the draft of PR guidelines, now it looks like we are going to be updating and revising PR Guidelines/By-laws as a Draft. Planning a WEB standard operating procedure manual in the near future for the EASC Web Contact committee so we have information all the information in a manual and it will be a work in progress in the start with steps, instruction and diagrams to help guide the Web Contact Committee.

Any change with meetings this would include NEW MEETINGS... I need the information in writing today. Also, during the month any changes please send it to Web Contact at web@eascna.org on our EASC website. Always check the meeting list and make sure what's printed reflects your HG meeting(s) If you're a new recognized meeting make sure, I get the info in writing before you leave today. I was just informed that the HIGHER POINT OF FREEDOM meeting is only meeting on Tuesday Nights. So, the Saturday Night and Thursday Nights meeting are not happening and this has been going on for a couple of months and it only got brought to my attention because people were showing up and there were no meetings on Thursday and Saturday. I confirmed it with a HM GP Member, and it won't be reflected on the June meeting hard copy lists here today, it's changed on the website already.

Make sure the Secretary gets your Group Report with changes with a star on top so we know there's been changes in positions and meetings... Make sure all groups present fill out a group report and submit them to the Secretary... If groups don't attend EASC you can always send a group report to the Secretary to be added to the Minutes Page on the EASC Website. All fliers and reports sent to me need to be in a PDF format which saves me a lot of time and much appreciated.

Anything that you change that is posted online please let me know. I am trying to keep this information up to date so were not giving members the wrong information from the web site, thank you for this important matter...makes my job a lot easier...I'm far from perfect and make mistakes or transpose a letter or mis spell a word. I hear about it... But communication is everything...

In Loving Service,

Pawnee B

Possible solution to those who cannot access the EASC Meeting

List on the EASC Web site...

When experiencing issues accessing the EASC Meeting List via EASCNA.ORG weblink try these out:

1) Reboot the machine that is having the issue

2) Clear cache of the browser being use to access the website

If in doubt on how to clear internet cache on the machine or how to reboot the machine here are some suggested searches to plug into a search engine:

clear internet cache iPhone

how to reboot Unix machine

clear internet cache Microsoft edge

Bottom line is not every issue is going to get resolved with the list I created. Having people document what is going on would be a great start:

What browser are the using.

Screenshot of the exact error they get.

What type of OS is on their machine.

What link are they trying to use.

ETC...

Send it to web@eascna.org
